★ Michele Bailey - Oakville, Ontario

PRESIDENT & CEO – **Blazing.** creative agency. informed brand solutions.

May 30, 2022:

I have always been a strong supporter of diversity and inclusion in both my personal and professional life, yet reading *Our LIFE Our WAY*, has opened up the real meaning of inclusivity for ALL people, including those with disabilities. Bill and Christine's story of courage, overcoming huge obstacles, being champions for disabled people took my breath away. I am in awe of the tenacity and depth that they went through in order that many would benefit from the road they paved for others to get equality, recognition, and dignity.

Not only were there so many valuable lessons and learnings, it was also a beautiful love story of incredible support, joy and passion. Once I started the book, I couldn't put it down. Thanks to Bill and Christine, many others will reap the rewards of the rights they fought to bring to people with disabilities.

★ Gwenyth Dwyer - Burlington, Ontario

Mother Teresa, gives us an example of the inner workings of electrical items. I quote, *"Often you see small and big wires, new and old. Until the current passes through them there will be no light. The wire is you and me. The current is God. We have the power to let the current pass through us to produce the light of the world."*

The memoir written by William Rush and Christine is a profound insight into people with disabilities.

With the additional help from their church community Bill and Chris followed the light of God and He brought happiness and joy into their lives.
